Respected Sir,

With reference to above mentioned subject the Expert lecture on Industrial Software Engineering platform” was organized for TE/BE Computer students on 05/09/23. We got a huge response from student participants and the event was concluded with grand success. This Expert lecture delivered by Mr. Krishna Aayar on “Industrial Software Engineering platform” has provided a advanced concept to all students to get new knowledge Industrial Software Engineering the objective of this lecture is to give students more knowledge of following things

1. What is Software Engineering?
2. Which are Software Engineering Applications?
3. How SDLC work in financial industry?
4. How SDLC application analysis done?

To make this lecture successful, Participants from TE/BE Computer have been actively participated and communicated with the respected coordinators as well as their provided video lectures for their queries.

As the coordinators of this event we would like to thank our Management, Principal and Our Team Members for their support and continuous encouragement to organize this event.

Subject: Report of the Project Poster Presentation/ Exhibition

Respected Sir,

With reference to above mentioned subject the Project Poster Presentation/ Exhibition was organized for BE Computer Engineering students dated on 16/02/2024. We got positive response from student participants and the event was concluded with grand success.

This event has provided a platform to all students to get new concepts related to the current era. Students have also got interacted with Participants for their queries and gave response.

The event was successfully conducted and completed with following outcomes

1. Provided platform to students to showcase their innovative ideas
2. Improved their presentation skill

To make this event successful, Participants from BE Computer Engineering have been actively participated. As the coordinator of this event we would like to thank our Department, HoD, Principal, Management and Our Committee Members for their support and continuous encouragement to organize this event.

Subject: Report of Workshop on “Android Development” conducted by Mr.Tushar Patil (Sr.Android Developer at GlobalLogic,Pune) for SE Computer Engineering and AIDS Engineering Students.

Respected Sir,

With reference to above mentioned subject the “Android Development” for SE Computer and AIDS Engineering Students organized on 04/04/2023 to 06/04/2023. We got a huge response from student participants and the event was concluded with grand success.

This workshop has provided a platform to all students to get new concepts related to Android Development. Students have also got interacted with the speaker for their queries and gave huge response for this lecture.

The lecture was successfully conducted and completed following objectives

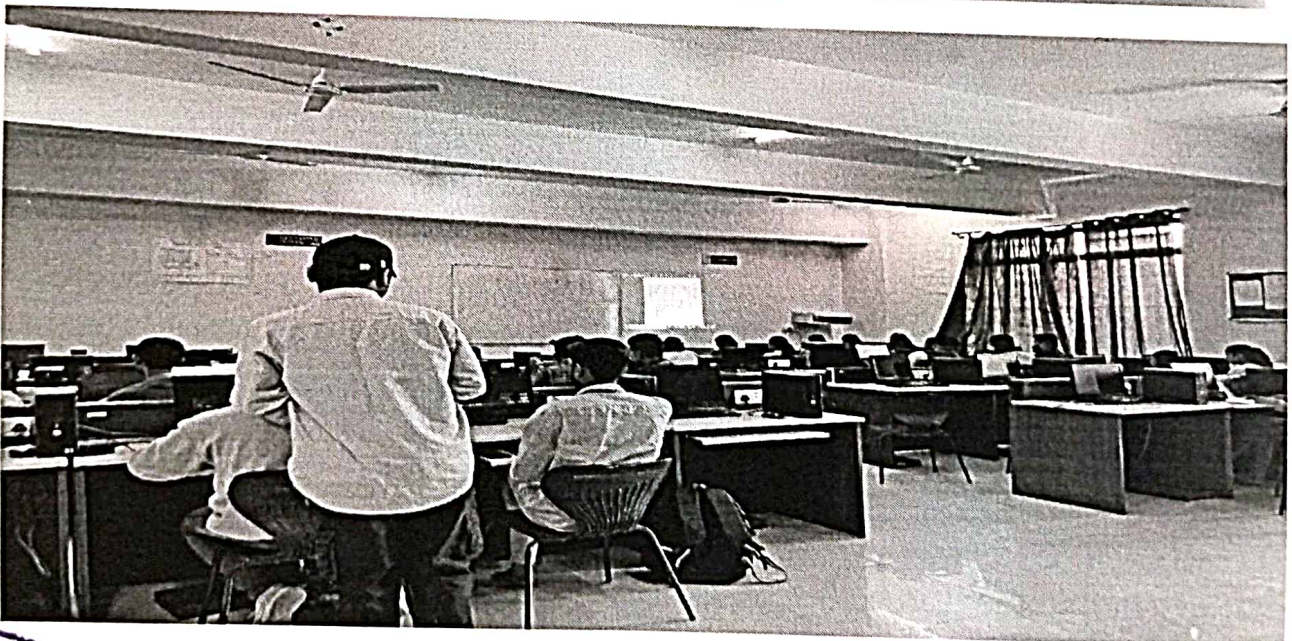

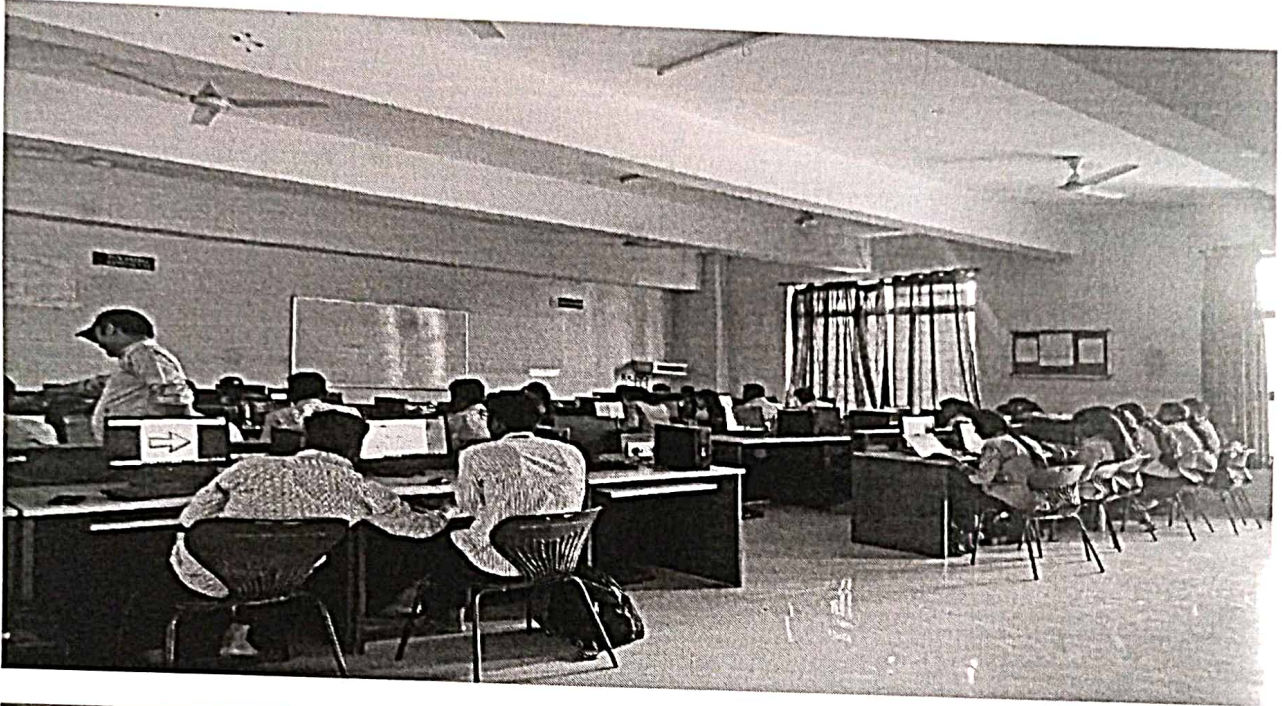

1. What is Android ?
2. How to write small android code for application development?
3. How to create android application?

To make this Workshop successful, participants from SE Computer Engineering and AIDS Engineering have been actively participated and communicated with the speaker for their queries. As the coordinator of this event I would like to thank our Management, Principal, Head of the Department and Our Team Members for their support and continuous encouragement to organize this event.

Subject: Report of “Lecture on Personality Development.” for TE/BE Computer students on 13/4/2024.

Respected Sir,

With reference to above mentioned subject the “Lecture on Personality Development.” was organized for TE/BE Computer Engineering students on 13/4/2024.

We got a huge response from student participants and the event was concluded with grand success.

This lecture has provided a platform to all students to get new concepts related to the personality Development. Students have also got interacted with the speaker for their queries and gave huge response for this lecture.

The lecture was successfully conducted and completed following objectives

1. Introduction to improve personal & professional skills.
2. How to develop leadership ability/increase self-confidence.
3. Technical skills & soft skills.

To make this lecture successful, Participants from TE/BE Computer have been actively participated and communicated with the speaker for their queries. As the coordinator of this event I would like to thank our Management, Principal and Our Team Members for their support and continuous encouragement to organize this event.
