Date: 18/09/2025

To,
The Principal,
SBPCOE,
Indapur.

Sub.: Permission for organizing the “Teachers Day”.

Respected Sir,

With the reference of above mentioned subject, we (Department of Mechanical Engineering) are going to organize Teachers Day on 19th Sept. 2025. On this occasion we are conducting department level small events.

So you are kindly requested to give permission for the same.

Thanking you,

Event Co-Ordinator
Prof. A. D. Rajput

To,

The Principal,

SBPCOE,

Indapur.

Subject: Permission for organizing "Teacher's Day".

Respected Sir,

We would like to organize the following event, the details of the same is as follows.

Event Details:

Sr. No.	Name of the Activity / Event	For	Date	
			From	To
1	Teacher's Day	All Mechanical Students	19/09/2025	19/09/2025

No requirement of budget.

Thanking you.

**Engineers Day
Report**

Academic Year: 2025-26

Semester: I

Ref: SPVP/SBPCOE/MECH/2024-25/F12/

Date: 19/09/2025

Mechanical Department organized **Engineers Day** on 19/09/2025. The main objectives of this event are to provide platform for the student to manage, arrange and implement the ideas in relation to the technical perspective. Engineers are shaping the future by applying their skills to almost everything. They convert the theoretical knowledge of basic sciences into actual products and thus make our lives easy. Engineers possess versatile minds and help in filling the gap between science, technology and the community. Engineers in India contribute greatly to the nation's technological and industrial growth. There really is no limit to what engineers can do.

Engineers' Day is celebrated on September 15 every year in India commemorating the birthday of one of the greatest engineers in India and Bharat Ratna recipient, Sir Mokshagundam Visvesvarayyagaru, recognizing his contributions in harnessing water resources in India. In India, Engineer's Day is celebrated on 15th September of every year to commemorates the birth anniversary of Sir Mokshagundam Visvesvaraya and recognise the contribution of engineers in the development of the nation and remind all the engineers of the country. In 1968, the Government of India decided to observe September 15 as National Engineers Day. He had successfully designed and constructed several river dams, bridges and revolutionized the irrigation system all over India.

Sir Mokshagundam Visvesvaraya was born on September 15, 1861 in Karnataka. He studied Bachelor of Arts from the University of Madras later he completed a diploma in civil engineering at the College of Science in Pune. The creation of 'block systems' is attributed to Sir Mokshagundam Visvesvaraya. He patented and installed an irrigation system with water floodgates at a reservoir near Pune to raise the water supply level and storage. This irrigation system which was installed at the Khadakvasla Reservoir near Pune, was later installed at Tigra Dam at Gwalior and Krishnaraja Sagara Reservoir, KRS Dam in Mysuru.

He was awarded 'Bharat Ratna' for his exceptional contribution to the building of India in 1955, became a member of the London Institution of Civil Engineers before he was awarded a fellowship by the Indian Institute of Science (IISC) Bangalore. He has also conferred the British knighthood and served as Diwan of Mysore from 1912 to 1918.

On the occasion of Teacher's Day and Engineer's Day, the Department of Mechanical Engineering

SHAHAJIRAO PATIL VIKAS PRATISHTHAN
S. B. PATIL COLLEGE OF ENGINEERING, INDAPUR, DIST: PUNE.

DEPARTMENT OF MECHANICAL ENGINEERING

organized an inspiring interactive session by Er. Satyajit Pratap Bagal, B.E. Mechanical, M.E. (Design), M.S. in Sustainable Energy, currently working as Project Lead at ATCO Ltd., CANADA. As part of the celebration, the department also felicitated our distinguished alumnus, Mr. Rohan Ukirade (Batch 2024), who has achieved a remarkable milestone by securing a scholarship grant of ₹1.4 Crore from the Government of Maharashtra, India, under the Rajarshri Shahu Maharaj Scholarship scheme for Scheduled Caste students. He will pursue his Master of Professional Engineering at The University of Sydney, Australia for the Academic Year 2025-26. He delivered an insightful talk on "Opportunities for Mechanical Engineers in Abroad", where he shared valuable guidance on global career prospects, essential skill sets, higher education opportunities, and industry expectations. The session proved highly motivating for students aspiring to pursue international career. We at our Mechanical Department celebrated Engineer's Day on 18th September 2025 in honor of Dr. M. Visvesvarayya, a true gem of India and to identify the great works done by our hard working engineers each year. The main objective of the event was to encourage self evaluation, motivation, effective communication and team building among the students. Guidance lecture was delivered by HOD Dr. M.D. Jagtap sir, few students expressed their thoughts regarding the same.
